Thank you: The Robinson Fire Department volunteers would like to extend a “Thank you!” to those attending the open house on October 6. It is planned for this sharing with the community to become an annual event. Those attending had an opportunity to learn more or review prior learning facts about the intense fire related dangers as well as the need to be aware of the possibility of carbon monoxide issues. Home fire prevention practices and home safety procedures with information about the different types of detection devices and systems and appropriate use of fire extinguishers were a part of an informative presentation followed by a question/answer session. Those attending had an opportunity to meet the fire department volunteers, experience a little bit of what it is like to be on the “working end”
